BRAMLEY NEIGHBOURHOOD PLAN FEEDBACK FORM

VISION AND DEVELOPMENT OPTIONS

Bramley Parish Council is producing a Neighbourhood Plan for Bramley which will enable the local community to have a greater say in the future development of the village. Over the past year the Parish Council has consulted a range local people to get their views on the future of Bramley. From this a Vision for the village has been produced, together with Strategic Aims to help make the vision a reality.

VISION FOR BRAMLEY

In 2029 Bramley will be an attractive village with a strong rural character, excellent and conveniently located community facilities, a range of high quality homes fulfilling local needs, safe and convenient access to transport services and green spaces, and good opportunities for locally based employment.

STRATEGIC AIMS TO ACHIEVE THE VISION

BSA1: To make provision for new housing development which satisfies local strategic growth requirements, fulfils local housing needs, and enables locally needed infrastructure to be delivered.

BSA2: To ensure that all new housing developments complement and enhance the rural character of the village.

BAS3: To maintain and enhance the range of community and recreational amenities, services and facilities appropriate for Bramley.

BSA4: To protect the rural character of the village and its setting and minimize the environmental impact of new development.

BSA5: To improve pedestrian & cycle connections within Bramley and to surrounding destinations.

BSA6: To resolve on street parking associated with the railway station, shops and Businesses

BAS7: To provide opportunities for suitable new employment development in Bramley.

Please give us your views on what has been produced so far. Further information is available on the Bramley Neighbourhood Plan website – http://bramleyndp.org.uk/ - along with an electronic version of this form which can be printed off for posting, or filled in on a computer by clicking or typing in the gray boxes below and emailing it back to us.

1. VISION AND STRATEGIC AIMS

Do you think the proposed Vision and Strategic Aims for the Neighbourhood Plan could help Bramley become the kind of place you would like it to be? Please tick the box below which best reflects your view:

If you think the proposed vision and aims are not what you would like to see, please say why

The Parish Council is now working out what needs to be done to make the vision a reality – how Bramley needs to develop, what kind of new development it should have, and where that development should be located. At this crucial stage the feedback and comments of local residents, businesses and stakeholders will be vital to ensure that the Bramley Neighbourhood Plan can deliver what people want for the village.

2. HOW MUCH NEW DEVELOPMENT SHOULD THERE BE IN BRAMLEY?

The Neighbourhood Plan must be "in general conformity with strategic local policy". This means that the minimum amount of growth that the village must accommodate will be determined in the Basingstoke and Deane Local Plan. The revised draft Local Plan says that Bramley should accommodate at least 200 additional dwellings by 2029. The Neighbourhood Plan can say where these houses are built.

Bramley could accommodate more new housing, and this need not have a just negative impact. If Bramley continues to grow at the rate it has since 1981, there would be an additional 580 dwellings by 2029. More development would potentially provide more developer contributions towards improving local infrastructure and facilities. 580 dwellings could potentially provide £1.7 million for this purpose.

Please tick one of the boxes below to say how many new houses Bramley should accommodate by 2029.

If you have any other comments, please say what they are

3. WHAT KIND OF NEW DEVELOPMENT DOES BRAMLEY NEED?

In addition to housing Bramley needs other kinds of development to become a sustainable village. Please list below what kind of development you think Bramley needs:

4. WHERE SHOULD NEW HOUSING DEVELOPMENT BE LOCATED FURTHER IN THE FUTURE?

The Neighbourhood Plan Steering Group has identified 21 potential sites all with their individual characteristics which will be fully accessed using the assessment criteria previously shown. By way of example, there are 6 sites listed below although full assessment and presentation to the Parish Council has yet to take place. Please put a tick against each of the following to say how much you support or oppose new housing development in each of these places:
